

ASHWAG ABDULLAH ALHEJAILI

Junior Data Analyst | Power BI | SQL | Business Intelligence

Medina, Saudi Arabia | ashwag.alhejaili@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Data Analyst with an academic background in Information Systems and Computer Programming, with strong knowledge of Power BI, SQL, Excel, and data visualization. Microsoft Certified: Power BI Data Analyst Associate (PL-300) and DataCamp Certified: SQL Associate. Skilled in building interactive dashboards, preparing reports, querying and analyzing data, and supporting business decision-making through practical data projects.

TECHNICAL TOOLS & TECHNOLOGIES

- **Data Visualization & BI:** Microsoft Power BI, DAX, Power Query
- **Databases & Querying:** SQL
- **Spreadsheet Analysis:** Microsoft Excel

CORE SKILLS

- Data Analysis & Insight Extraction
- Database Querying & Management (SQL)
- Spreadsheet Analysis & Reporting (Microsoft Excel)
- Data Transformation & ETL Processes (Power Query)
- Data Modeling & Relational Architecture (Star Schema)
- DAX Formulas & Time-Intelligence Metrics
- Interactive Executive Dashboard Design
- Key Performance Indicator (KPI) Reporting
- Data Visualization & Storytelling
- Business Intelligence (BI) Fundamentals

PROFESSIONAL EXPERIENCE

Founder & Enterprise Manager | [4elegant Design](#) for E-Marketing (Instagram Business)

Medina, Saudi Arabia | 2014 - September 2022

- **Enterprise Founding & Operations:** Established and managed a formally registered business specializing in custom digital design, 3D printing, and manufacturing of food-safe silicone molds.
- **Logistics & Shipping Management:** Managed end-to-end order fulfillment, translating digital 3D models into physical products with local and cross-border shipping across GCC countries.
- **Corporate Financial Analytics:** Managed business banking operations, budgeting, forecasting, and profitability tracking against operational costs.
- **Sales Data Tracking:** Monitored storefront metrics and geographical distribution patterns, and optimized manufacturing output to reduce material waste and delivery cycles.

DATA ANALYSIS PROJECTS & INTENSIVE TRAINING

Data Analysis & Business Intelligence Bootcamp | Tharaa Training Institute

Data Analyst Trainee | December 2025 - January 2026

- Completed 60 intensive training hours focused on end-to-end data analytics lifecycles, developing 8 core projects using Power BI, SQL, and Advanced Excel.
- Built interactive executive dashboards and KPI models to highlight revenue, operational trends, and business performance.
- Performed data cleaning, transformation, and dimensional modeling (Star Schema) across large datasets.

US Flights Data Analysis Project (Memory Optimization & DAX Calculations)

- **Objective:** Analyzed more than 30 million US flight records to extract insights on carrier delays and performance.
- **Solution:** Developed a Power BI model with memory optimization and column-compression techniques for large-scale data.
- **Results:** Created DAX calculations and time-intelligence metrics to analyze airline operational patterns.

IBM HR Analytics & Attrition Dashboard

- **Objective:** Investigated employee attrition and performance trends using the IBM HR dataset.
- **Solution:** Performed data cleaning and relational modeling using a Star Schema.
- **Results:** Built an interactive dashboard highlighting attrition drivers and workforce trends.

EDUCATION

Bachelor's Degree in Information Systems - Taibah University, Faculty of Computer Science & Engineering | 2013 | GPA: 4.23 / 5 (Very Good)

Associate Degree in Computer Programming and Information - Taibah University, Community College | 2009 | GPA: 4.68 / 5 (Excellent with Second-Class Honors)

CERTIFICATIONS & CREDENTIALS

- **DataCamp Certified: SQL Associate** - September 2026
- **Microsoft Certified: Power BI Data Analyst Associate (PL-300)**
- **SQL Fundamentals** - DataCamp, 26 Hours - August 2026
- Cognitive Ability Test (Qiyas) - Score: 90/100
- Artificial Intelligence Training Certificate - Ministry of Communications (12 Hours, October 2022)
- Certified Trainer (TOT) - Vision Realization Training Center (38 Professional Hours)
